KDG. & FIRST

For the first graders agriculture was very important in the classroom. They learned about country folks, crops, farm machinery, farm buildings, and many animals that live on the farm. They saw pigs when they visited Skutchan's farm. They saw sheep and how to shear sheep on another farm. To help explain what happens to the wheat that farmers bring to market, the class visited the local Coop Elevator.

There haven't been any specific changes in the students as a result of the computers, but they are anxious for their turn with computerization.

They got to see "Rumplstiltskin" at Doane and had their annual field trip in the spring.

The main event of the Kindergarten class this year is having Astro visit their classroom each day bringing a bag full of information, pictures, stories, projects, and skills sheets which help them learn the letters and sounds of the alphabet.

The Kindergarten used the computer second semester. The programs they used correlated with Alphaphonics and has Astro trying to match capital and lower case letters.

The Kindergarten had the advantage of a student teacher first semester. They liked Mrs. Henning very much and enjoyed the extra attention.

The Kindergarten took a field trip to Lincoln in May. They visited Antelope Park, Children's Zoo, the Capitol, and Morrill Hall.

Month by month the second grade class was studying "Ag in the Classroom". They did a unit on hogs in September that ended with a hog farm visit. In November they studied the dairy industry. A trip to a dairy farm north of Dochester was the finale to that unit. They got to see milk transferred from cooling tanks to milk trucks. They also enjoyed sampling six types of cheese. Chickens were discussed in February and in the spring they studied about grain harvests with detailed study on corn and wheat.

Del Ottmann plays a wood instrument during the program.

Stacy Ihde watches intently during RIF Week.

THIRD-FOURTH

A big part of third grade was learning how to communicate orally and tell people how they feel about things. Every month they worked on seasonal activities. For Halloween they studied Dorchester's history and toured Dorchester's Cemetery with Jan Stehlik as a guide. They were involved with the nature and the "map work"of our world. Safety was discussed and stressed in the classroom. During the fall the entire elementary visited a pig farm. Agriculture was very important in the classrooms, especially since we are from a rural community.

The main event of fourth grade was touring the Saline County Museum and conducting school in the one room school. The fourth graders learned to work more independently by using the computer, which helped to discover, explore, and reinforce basic learning skills. They liked the atmosphere that the computer brought to their classroom - FUN and INTERESTING!

FIFTH AND SIXTH

The fifth graders' line of study in social studies was the United States and interesting facts about it. They made trivial pursuit games following the recent fad, making learning more fun and exciting.
The sixth graders are anxiously waiting to enter Junior High. The students were involved in writing essays for the Americanism Program. They toured the Governor's Mansion, saw the *Rumpelstiltskin* play at Doane, and rollerskated.

THE JR. HIGH

The lives of the Jr. High have been tremendously busy. They participated in every sport this year. Football, volleyball, basketball, wrestling, and track fit in with their academic schedules, thanks to their coaches. This was the first year the Jr. High has ever sponsored dances. They even got to invite a friend.

This year they went on an educational field trip to Rock Creek Station to see the reconstruction of old buildings and to see where the McCandless brothers were murdered. The Math, Spelling, and Speech Contests also kept them busy. During Spirit Week, the 8th graders took 4th place.

1984-85 has been a busy year for the Jr. High as they have grown academically, socially, and athletically.

The Freshman class of 1984-85 has had a wonderful year. They were involved in everything. From athletics to speech and plays, they had loads of fun. They planned for a fundraiser and a field trip late in the year. They were involved in volleyball, football, basketball, student work group, and track. They made a big difference to the meaning of the word high school and plan to have even more fun in the years to come.

SOPHOMORES

The Sophomore class poses for a picture in English class.

The Sophomore class of '87 is growing and maturing with every year. The beginning of the sophomore year started out with buying class rings and selling fish for their money making project. They found themselves more involved in activities. The class schedule is usually full, and organizations and sports added to the busy activities of the sophomore year.

ONE MORE YEAR!

The Class of 86 has made it this far and only has one more year to go. They did many things throughout the year to help them learn and grow. They took a field trip to Red Cloud and learned all about Willa Cather and the prairie. They also did very well during Spirit Week! The class tied for First place with the Seniors, but everyone knows who really won! The class had almost a 100% participation in the dress-up days and had fun decorating a car for the Homecoming Pep-Rally. The Juniors added a lot of class to the student body of DHS!

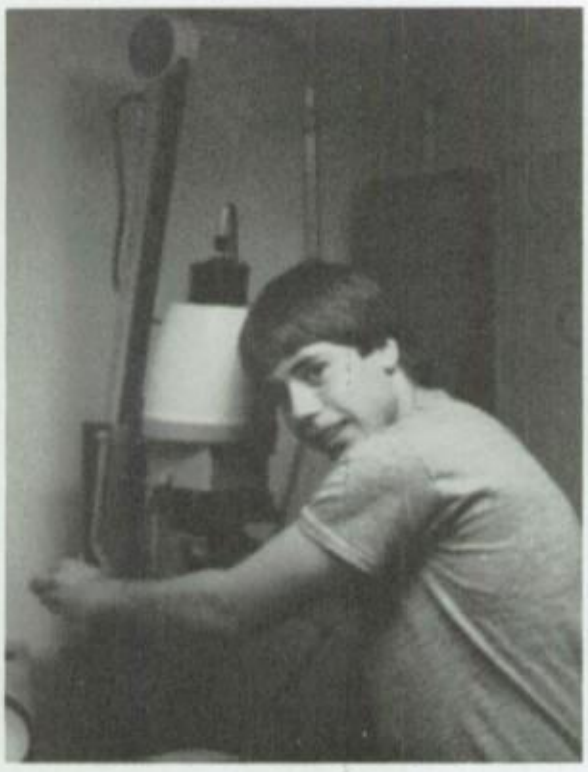
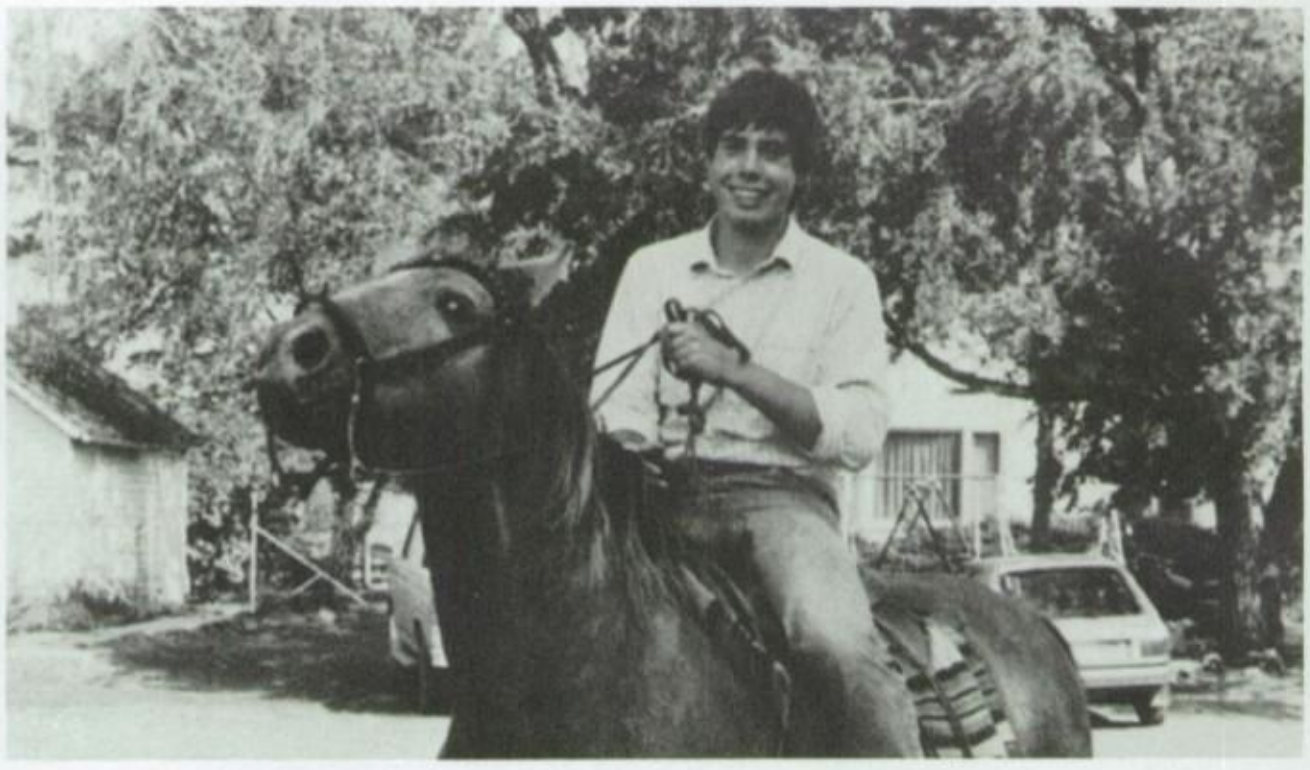
MARIO WAS HERE



Mario works in the dark room to develop pictures for the '85 LONGHORN.



Mario enjoys horseback riding.

This year's foreign exchange student was Mario Dormann from Essen, Germany; an industrial city with 650,000 people. Because Mario has no brothers and sisters at home, he said it was a great experience for him to stay with the Bolton family and to live in a small town like Dorchester. With Mario's main interest being photography, he contributed a lot of pictures to the annual. Other activities that he was involved in were football, track, and drama. We taught Mario a lot about Midwest community life, and in return we learned more about his country. Mario's special likes of our school are that everyone knows everyone and the spirit that is shown.

Mario plays his part in "The Little Peasant".

¡HOLA!

While other cultures learned about our lifestyle, the Spanish Class learned about Spain and other Spanish speaking countries. Every Tuesday and Thursday they looked forward to their phone-call from Doña Cristina, a Spanish instructor at the State Dept. of Education. They also had fun writing and videotaping plays for their penpals in Laurel, NE.

Dorothy Hromek and Joyce Karl are the secretaries.

Teacher aides - Barb Andersen, Sue August, and Pat Dvorak.

The school's bus drivers are Roger Wolfe, Marilyn Wolfe, Ron Sehnert, Hank Zahourek, and Orin Ducheck.

PERSONNEL

This year the personnel once again fulfilled their destination to make our school a better place to be. Each of them had a specific job and did it. In fact, they did those jobs quite well. What would we do without them?

ADMINISTRATION

Our Administration is very dedicated to Dorchester. They do everything possible to help. They are one of the most important parts of our school, and without them our school wouldn't run properly. We would like to thank them for everything they have done.

Board members: Front - Bill August, Kathy Palky, Bob Kasl. Back - Chuck Bolton, Phil Weber, Alan Slepicka.

ACADEMICS

SCHOOL BLUES!

This year was time for class involvement in extra activities. Many events throughout the year were set up to enhance the learning capacity of the students. These included: Academic Excellence Day, Business Testing, and field trips for classes from computers in Lincoln to literature in Red Cloud.

This year was also a first for a Rennaissance Fair in which almost all classes played a part. There were information booths for history, jugglers for P.E., quilters from Home Ec, plays from literature classes, and alchemists from chemistry. All were dressed accordingly and played their parts well.

HONORS NIGHT 1985

"What is education but a process by which a person begins to learn how to learn?" This was the theme of 1985 Honors Night. The new inductees into National Honor Society were Jill Drake, Deanna Sand, Lance Bobolz, Craig Slepicka, Neal Pavlish, Matt Bergmeyer, and Tom Rut. There were many honors presented, such as annual awards, math awards, drama and speech awards, English and band awards. It was a night to honor learning and academic excellence.

– DRAMATIZE! ——

The theater production of the year was spectacular in the many different One-Act plays directed by 3 teachers. Mrs. Ottmann took charge of STORY THEATRE, Miss Jezl was the director of SOME OF MY BEST FRIENDS ARE SMITHS, and Mrs. Faimon directed VANITIES, and the duet acting skit THE AUDITION.

Some of the favorite scenes were when the farmer, Lance Bobolz, caught the count Craig Slepicka, with his wife, Tracy Burk and acted very accordingly. Someone got shot, but who are we to say. The plays were on two nights, and both held great success.

SPEECH, SPEECH!

There were many meets that the D.H.S. speech team had the pleasure of participating in this year. Top three placers were Linda Crees 3rd in impromptu at the Crete meet, Laurie June 3rd in Poetry at Districts, and Angie Luzum 1st at Districts. Angie went on to compete at the state tournament with her Serious Prose. The One Act Play "Some of My Best Friends Are Smiths", directed by Kathy Jezl, placed 4th at District competition. A problem arising for next year is that all the senior speechers have graduated. We need fresh recruits!

PAPER STAFF

Paper staff members: Patty Logan and Tracy Burk

Paper staff sponsor: Jan Stehlik

The Longhorn Dedication staff members were Patty Logan and Tracy Burk, but the personnel did change throughout the year. They met weekly reporting on various school activities which were then printed in the Crete News. Each class and organization elected a newsreporter to write about their activities. These were used in addition to the stories by the regular Longhorn Dedication Staff. A new system of teacher input was used during the last quarter of the school year to help the small staff maximize their coverage of the entire school.

SPIRIT WEEK

Spirit Week this year was interesting and full of spirit. It consisted of contests which were held at noon. They were as follows: Monday - ice cream eating contest, Tuesday - obstacle course, Wednesday - jello-balloon toss, Thursday - trivial pursuit, and Friday - the awards banquet. We also had caricature's day. They were: Monday - Nerd Day, Tuesday - Army/Navy Day, Wednesday - Twin Day, Thursday - Formal Day, and Friday - Orange and Black Day. Everyone participated and had a spirited week.

CHEERS!

That is one thing the cheerleaders were full of this year - cheers! Head captain was Carrie Burkey for football and boys basketball followed by Linda Crees, Lisa Frahm, and Lisa Bruha. Head for girls basketball and volleyball was Jody Heeren followed by Anne Kovar and Pat Blaine. Camp this year was a blast for all seven who stayed on UNL campus. The highlight of the season was the success of the first Homecoming parade. Everyone got involved with the painting of cars and psyching of spirits. From selling jewelry the girls earned prizes and money for a field trip and next year's camp.

A TOUCH OF CLASS

"A Touch Of Class' was the theme for this year's Jr.-Sr. Prom. The Junior class put much time and effort into making it a night for the Seniors to remember. The decorations were in shades of blue and silver, which had a very classy effect. The dance following the supper had music provided by "Stallion". One must never forget the "fire engine" episode. The night was enjoyed by all and everyone will have fond memories.

VOLLEYBALL

⇩Varsity huddles during a game.

The 1984 volleyball season was expected to be highly successful. The team had their moments, while they also had their blunders. The team got along together real well and had a lot of fun in practice. They were scared about what would happen to them from the "unforgiving" coaches Miss Hogan and Mr. Gautreaux. The team started out well and by mid-season had hit their peak. After that nothing seemed to work and the team's success went downhill. The team posed a 7-10 record for the season. Even with the defeats, the team was there!

The 1984 Volleyball team consists of Back Row: SM Barbie Sehnert, Asst. Coach Mr. Gautreaux Roxanne Schultz, Michelle Bors, and Joy Williams. 3rd Row: LeAnna Vyhnalek, Lisa Bruha Dawn Stich, Karen Krivohlavek, Liana Bymer, Angie Moore, and Coach Miss Hogan. 2nd Row Angie Luzum, Linda Crees, Carrie Burkey, Robin Schultz, Kelli Weideman, Kerri Weideman and Lisa Vossler. Front Row: Becky Harling, Lisa Frahm, Connie Kahle, Jenny Weber, and Co leen Pliva.

FOOTBALL

The Dorchester Longhorn Football Team finished with six wins and three losses. With only three seniors on the team it is obvious that a great deal of the success is due to underclassmen. The coaches are very grateful to people who do their part to help support the football program.

The football season ended with the Longhorns just missing a playoff berth. This season was a learning experience for the entire team, including the coaches. For the season the Longhorns averaged 19.3 points per game and held the opponents to 9.4 points per game. Also, Don Bruha received All-State Honors at linebacker and Lyle Weber was Honorable Mention at end. Craig Slepicka broke the school record for passing yardage in a season with 478 yards.

The boys basketball team had a great season with a record of 18-5. The season was highlighted with a trip to the State Tournament, first time since 1970. There was a Community Pep Rally arranged to celebrate and support the team's efforts. Coach Pohl was so spirited that he shaved his head. Throughout the entire season the team played with confidence, but their dreams were ended with a loss to Shelby at the State Tournament. The Longhorns brought home the Runner-Up Trophy from the Mudecus tournament, losing only to Sterling. Craig Slepicka tied the record for most assists in 1 game at 11 against Shickley. Craig also set a new record for most assists in one season - 112. Neal Pavlish shattered the blocked shot record with 110. Bob Wolesensky had the old record - 84. Because of his basketball abilities, Lyle Weber received All-State Honorable Mention. The team's future looks fine because of the upcoming talent and their desire to win. The team had the privilege to experience a student teacher as an assistant coach. Jim Weeks coached the reserves and had an opportunity to help with the victorious varsity. He added spirit and enthusiasm to the team.

GIRLS TRACK

The Dorchester girls track team, with Ed Kasl as their coach, consisted of six members this year. The six tracksters didn't earn a lot of medals, but they had a lot of fun! They placed in some events (and with only six girls - that was tough). The team consisted of one senior: Candy Justa; three juniors: Angie Moore, Liana Bymer, and Lori Sladek; and two sophomores: Jill Drake and Pat Blaine. Sophomore Dawn Stich, school record holder in the 3200 meter run, was injured prior to track season. The team will lose a senior; but with the enthusiastic 8th graders coming up; things look good for the Lady Longhorns in 1986.

BOYS TRACK

Large participation in this year's boys track team made it a very enjoyable season. Even though there were a lot of boys out, everyone lettered which was very good. The season was capped with a 3rd place finish by Lance Bolbolz in the 400m at Districts. Mr. Gish was pleased with this year's performances and looks forward to a very successful season next year.

The Class of 1985 experienced many things throughout the year assuring them great satisfaction after graduation. They showed class spirit and unity all year long. They sponsored a meal for the boys basketball team that went to state.

. Graduation is here again. Seniors seem to have stage fright. All their memories of the years behind come back, and they remember the good times and the bad. They are full of butterflies and they wonder what is ahead. As their class motto says, "Either we will find a way or we will make one." No one knows what lies ahead or what the class of "85" will make of the future.
